

# SOMETHING SO SIMPLE CAN MEAN SO MUCH.

## Pop Tab Collecting

Collecting pop tabs is a great way to teach kids about philanthropy and the importance of recycling, as well as raise funds to help children and their families. Schools, service organizations, churches, businesses and individuals collect pop tabs for Ronald McDonald House Charities® of Richmond. We raise thousands of dollars each year with our pop tab collections!

### Why only the tabs?

RMHC Chapters collect pop tabs instead of entire aluminum cans because it's more hygienic to store tabs than cans, and collection and storage is easier.

### How do I participate?

Collecting pop tabs couldn't be easier!  
**Collect pop tabs** in a wide-mouth container, then drop them off at RMHC of Richmond at 2330 Monument Avenue, Richmond, VA 23220 any day of the week between 9:00 a.m. and 9:00 p.m.

### What happens next?

After the tabs are collected, we bring the pop tabs to local recycling centers, where they are weighed to determine their value. The recycling center will send RMHC of Richmond a check for the total value.
