

COVID update 3/19/2020

At RMHC Richmond, the health and well-being of our guests, families, volunteers and staff is our highest priority. We continue to closely monitor the dynamic situation of COVID-19 and we will continue to act thoughtfully to ensure all precautionary steps are taken.

Based on information set forth by the World Health Organization (WHO) and local State Departments and Health Ministries in light of the COVID-19 (Coronavirus) pandemic, we have implemented recommended screening procedures in all RMHC Richmond programs. In addition, we are working closely with our hospital partners to monitor the situation.

As an organization that relies on the support of volunteers, donors, partners and sponsors around the Richmond area to help deliver our mission, we are experiencing implications to our volunteer programs and cancellation of fundraising events. As the situation is constantly evolving, we will post updates to all events and specific cancellations as we know more.

In order to keep RMHC guest families in the healthiest environment possible, we are **temporarily pausing all group volunteer opportunities** – including our Volunteer Meal Program and service groups, until further notice.

Thank you for your dedication to our mission at RMHC Richmond. We hope that you and your family remain healthy and safe while we work through the challenges of the situation.
