

Virtual Volunteer Opportunities

Since our in-person volunteer opportunities have been suspended due to COVID-19, we have been amazed by the outpouring of support and generosity from the Richmond community. During these challenging times, we have pivoted many opportunities to allow for volunteers to engage with RMHC Richmond to support families while their child is receiving treatment. All donations can be dropped off on our front porch daily from 9 am to 9 pm.

Take a look over the opportunities below and please contact Diana at diana@rmhc-richmond.org with any questions. Thank you for your support!
